

Temporary Housing Volunteers Role

Volunteering in the Temporary Housing Support Section can involve a variety of different tasks.

Donations

1. The sorting of large amounts of donations of clothing, bedding, toys, baby equipment and household items. Need to be able to work on your own and in a methodical manner, as most is stored in a loft space.
2. Tidying and re-organising the clothes, toys and books in the main area as and when required.

Housing advice and information

1. To be part of a team giving housing advice on a weekly drop in basis, (please note some knowledge of the services in the Brighton area would be useful as would the ability to deal with people in distress, to record information and to ensure confidentiality).
2. To update the information folders re housing and related services, to update the information board with the HomeMove scheme magazine and current benefit rates and other useful information.

Campaign Work

To be involved in local campaigns re housing initiatives as and when they occur.
